

## Agel Announced as a Winner at the “Utah’s 100 Fastest Growing Companies”

October 25, 2007

Agel was announced as a winner at the 2007 “Utah’s 100 Fastest Growing Companies” banquet, where outstanding Utah entrepreneurs and companies from across the state were recognized. The awards were presented by the MountainWest Capital Network, Utah’s first and largest business networking organization devoted to supporting entrepreneurial success.

Agel received the first award presented in the “Emerging Elite” category. Agel’s Chief Operating Officer Darren Jensen and Chief Financial Officer Kyle Copeland accepted the award.

“We are honored and pleased to be recognized for hard work and commitment to quality,” said Jensen. “We at Agel are proud to be counted among the fastest growing companies in the state of Utah and will continue to strive for excellence.”

Awards in the 100 Fastest Growing categories are based on percentage revenue increases from 2002 through 2006. Companies presented in the Emerging Elite category are selected from among companies less than five but more than two years of operation that show significant promise for future success.

Utah Governor Jon Huntsman Jr., who earlier in the month had welcomed team members at AgelWorld 2007, was the keynote speaker at this year’s Utah 100 banquet. The awards were presented by renowned Utah radio personality Grant Nielson of KSL Newsradio.

“The Utah 100 program is an important contribution to the Utah business community. It provides a forum for highlighting the achievements of both emerging and mature business, and keeps the public informed about positive developments,”

said Todd Leishman, Chairman of this year's Utah 100 Program. "The Utah 100 award has become a prestigious recognition for our winners, and has significant meaning to those who receive it. These awards will signify to the Utah business community, as well as those outside our state, that Utah continues to be a great place to do business."
